Message from Crecora Manister GAA Club

A Chara,

I hope you and your family are safe and well despite Covid 19. The past year has been very challenging for everyone. Despite the pandemic, I am glad to report that we had an excellent year in Crecora Manister GAA and won our first Junior A County Football title in 2020. In hurling we also won a County title at U21 level.

As you are aware our Club is heavily dependent on the proceeds from the Club Development draw each year to help finance the ongoing running of activities and maintenance of our facilities. The club facilities now cater for approximately 230 boys and girls from the ages of six to eighteen years old along with the involvement of 100 adult players and volunteers. Our field is used for hurling, camogie, football, community games and school activities for the Crecora and Manister national schools.

The cost of running the club now runs to in excess of €33,000 per annum. Currently the Club draw contributes almost 30% of this cost, hence the importance of securing the maximum participation from our community.

The draw provides remarkable value for money with 50% of the contribution retained by the club with no financial risk or cost to the club. We would encourage people to support the club by joining the draw this year and thank you for your support in the past. We acknowledge that without your support and the participation of the many active volunteers it would not be possible to provide the activities and facilities available to every family in this community.

Yours in sport

Pat Byrnes
